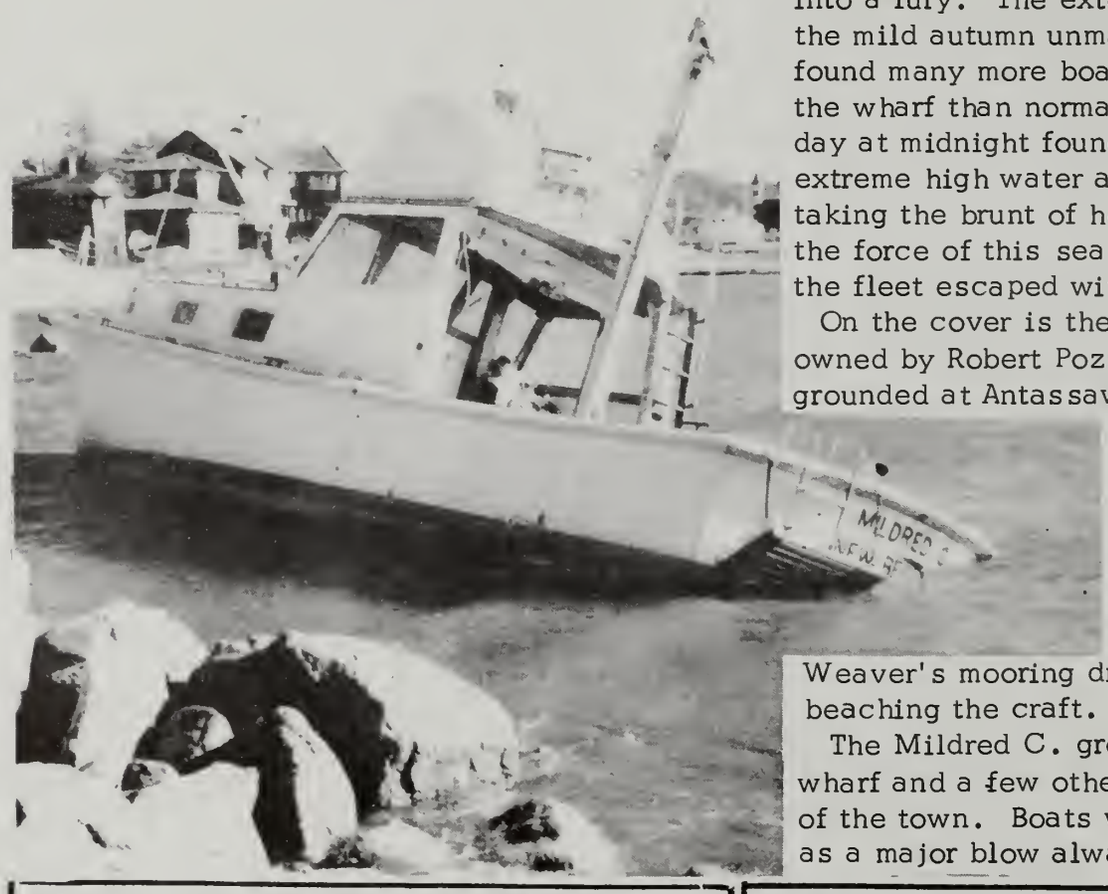
STORM HITS THE AREA

The pleasure boating season ended suddenly on a wild Saturday as winds lashed the bay into a fury. The extended season caused by the mild autumn unmarred by hurricane threat found many more boats in the harbor and at the wharf than normal at this season. Saturday at midnight found the town wharf with extreme high water and craft moored there taking the brunt of heavy sea. Considering the force of this sea, it is remarkable that the fleet escaped with light casualties.

On the cover is the Sunshine Weaver, owned by Robert Pozzo. One of 2 boats which grounded at Antassawamock, the Sunshine Weaver's mooring dragged, then snapped, beaching the craft.



MILDRED C. NOT ONLY GROUNDED BUT GROUND ON THE WHARF ROCKS ON SATURDAY NIGHT

Photo DCJ

The Mildred C. grounded at the rocks at the wharf and a few others around the shore of the town. Boats will be hauled now as a major blow always signals the finale.

Selectmen's Meeting

COMMERCIAL SHELLFISHERMEN CONFER WITH SELECTMEN

Robert Parker, Robert Simmons and James Bradshaw told Selectmen that residents who live along the shoreline feel that shellfish in front of their homes is private property. They said that a recent letter of complaint to Selectmen about noise pollution by commercial shellfishermen was correct but that all of the noise came from the complainants. Otherwise reasonable, well educated and personable people become violent about shellfish that they regard as their own preserve, they stated. Mr. Parker said that his two young sons hold commercial licenses as a means of making their own money and work a day for $5. or $10. He suggested that seed be planted in areas beyond the 4-foot level so that commercial fishing could justify the cost of the license. Selectmen John DeCosta and William Hubbard said that the seed is extremely expensive and that most of this seed is planted in the family area at Shining Tides as the money

is limited. They said that Shellfish Warden Al Pauline had suggested last year that the shore inside the 4-foot mean tide be opened to commercial fishing because he thought, reinforced by opinion by Woods Hole scientists, that raking the fallow bottom would allow seed to return naturally to areas unproductive for a long time. Mr. Pauline has now come to the conclusion that this plan is not working because commercial fishermen are not working the fallow bottom. He asked Selectmen to restore the limit to

commercial fishing to beyond the 4-foot of mean water. When Selectmen said that they will vote to do this Parker, Simmons and Bradshaw said that they would volunteer to help with any planting of seed beyond the 4-foot limit "for the good of the town". Selectmen thanked the trio and said that seeding programs would depend on the money that could be found for seed. They explained that all town budgets have been very tight.

Earlier Mr. Pauline had suggested relocating oysters at the mouth of the river to save them. He offered to do this on his own time and Selectmen accepted with thanks.

Aging under a federal grant, has completed a survey of 35 people aged 60 to 91 in Mattapoisett, 12 males and 23 females. She is compiling a report of conclusions and recommendations drawn from interviews with this group each of whom took about one hour. Her preliminary report indicated that 1/3 of these people have inadequate income to meet daily requirements. Their most compelling need, she found, is human contact and companionship because they are lonely. Their greatest fear is that they would be forced to leave their own home and live in a nursing facility. She outlined the following recommendations and conclusions:

1) Development of outreach program: disabled or in poor health are called and visited regularly.

2) Involvement of senior citizens in good health in teaching, nuturing, visiting and providing transportation to others who have these needs.

3) Reinforcement of Council on Aging staff to expedite coordinating planning and implementation of programs.

4) Funding in order to continue the survey for another 6-month period.

Pressing Need: Health Care, More transportation for needs relative to daily living; Programs of help in home maintenance, insulation and heating (important to elderly in poor health or inadequate income); Program of contact and involvement for those who are lonely.

Selectmen thanked Mrs. Elsbree for an excellent report.

ASKS RECONSIDERATION OF BALL FIELD

Ed Livingstone, Jr. wrote Selectmen to ask that they reconsider the plan to use the Corporate Park entrance as a ball park. He suggested that it would be more advantageous to advertise the Corporate Park. He considers it unsuitable for a ball field because of the thin fill on top of the former dump.

CPPOSE MOORING PLAN

Selectmen will inform the Army Corps of Engineers by letter that the town opposes the plan by Mr. Mansfield for a 300 permanent mooring commercial facility inside Mattapoisett harbor. Public comment is invited by a November 17 deadline.

HELLO
Remember Me?

Some people call me Old Glory, others call me the Star Spangled Banner, but whatever they call me, I am your Flag, the Flag of the United States of America ... Something has been bothering me, so I thought I might talk it over with you ... because it is about you and me.

I remember some time ago people lined up on both sides of the street to watch the parade and naturally I was leading every parade, proudly waving in the breeze, and when your daddy saw me coming, he immediately removed his hat and placed it against his left shoulder so that the hand was directly over his heart ...remember?

And you, I remember you. Standing there straight as a soldier. You didn't have a hat, but you were giving the right salute. Remember little sister? Not to be outdone, she was saluting the same as you with her right hand over her heart ..., remember?

What happened? I'm still the same old Flag. Oh, I have a few more Stars since you were a boy. A lot more blood has been shed since those parades of long ago.

But now I don't feel as proud as I used to. When I come down your street you just stand there with your hands in your pockets and I may get a small glance and then you look away. Then I see the children running around and shouting ... they don't seem to know who I am ... I saw one man take his hat off then look around; he didn't see anybody else with theirs off so he quickly put his back on.

Is it a sin to be patriotic anymore? Have you forgotten what I stand for and where I've been? ... Anzio, Guadalcanal, Korea and Vietnam. Take a look at the Memorial Honor Rolls sometime, of those who never came back to keep this Republic free ... One Nation under God ... when you salute me, you are actually saluting them.

Well, it won't be long until I'll be coming down your street again. So when you see me, stand straight, place your right hand over your heart ... and I'll salute you, by waving back ... and I'll know that ...

YOU REMEMBERED!

Tax Limitation

Editorial, D.C.J.

Halloween seemed to come early this year. A campaign aimed at scaring the daylights out of the voter has been mounted against Question 2 on Limiting Local Taxes. Yet, privately, most leaders in local government would admit that a limit must be imposed on the taxation of property. Yet, they say that Question 2 is not it. It is flawed, they say. Some other plan must be drawn to do the job. Well, who is going to do it? Not anyone in government certainly. With no exception in anyone's memory has any government ever set a limit and lived within it. It is always for the best of motives, yet more and expanding services cause costs to rise every year.

Oil barons are only the latest in the forces that create inflation. Far and above any other reason for the decline of the value of the American dollar is the fact that govenment on every level is spending more money than can reasonably be generated by taxation. So, the federal government has borrowed massively from future generations. State government has become noted for initiating programs and then requiring local government to finance these mandated programs and pay scales. Now, we are at the point where all government, having caused and fueled an inflation, is using the same inflation as an excuse to raise taxes at an intolerable rate. A forest fire feeds upon itself and becomes a fire storm. The analogy is all too real to those who must bear the cost.

2 1/2% of the total value of a home owner's property is no small amount to part with each year (in addition to all the state and federal taxes imposed upon the

family). What do these people, who call Question 2 catastrophic, suggest for a Real Estate tax - 3% to 6% to 12% to 20% of the total value of the property? Surely, with no limitation, this is exactly what is going to happen.

It is interesting to notice that when a government spending limit is mentioned, opponents get right back to basics. To hear them tell it, the first to go will be the police, the firemen and rubbish collection. Apparently, there are no other government programs or expenses that could be moderated or limited or eliminated. I don't believe that a town that resolves to live within limits proposed to protect the homeowner would be forced to exist without essential services. People don't really like to be frightened by scare tactics. People don't like to be scared by something real either. But, the reality of inflation is by far the more frightful. To the argument that passage of Question 2 would infringe on home rule, the answer is that the elimination of state mandate would do more to restore home rule and financial stability than any other single action.

I doubt that any legislation ever passed into law was without flaw. We have had nearly 50 years of deficit spending at the federal level. Our inflation rate is our reward. It is the cruelest tax of all. To pretend that it can be slowed or stopped without great effort would be a lie. To pretend that inflation can proceed at the present rate without confiscation of private homes is not facing reality. If inflation does continue without limit, everyone will lose - teacher, carpenter, fireman, salesman, merchant, government worker, manufacturer - all who own homes or businesses will lose.

In argument with the opponents of question 2, we have heard several times the statement, "If they can't pay their taxes, let them go out and get a second job." This could be a solution if jobs were plentiful

and everyone was healthy and full of the vigor of youth. Unfortunately, this is not the case. Many are in difficult circumstances. People are forced to live within the limits of their own strength and income. Why should government be exempt from this same principle.

It is time that government on every level should be required to operate within the limits that will halt the inflation that is our major tax.

the Massachusetts legislature will avail itself of the opportunity to amend it into a standard of flawlessness just as it did to Governor King's 0 tax cap and later his 4% tax cap.

I firmly believe that the whole question of limiting government spending requires favorable consideration of everyone for the protection of our future. Short range expediency and self-interest has no future that anyone would wish for.

Question 2 should pass.

QUESTION #5

A proposed amendment which would limit the power of the state legislature to pass state mandates concerning municipal employee salaries and benefits is strongly supported by the Massachusetts Municipal Association which urges that all citizens vote "Yes". Such mandates, in the past, have raised property taxes in the cities and towns. If passed Question #5 will require the state to provide the funds for such laws in the future or let the town decide (unless the law passed by 2/3 majority in each house).

The longest and most memorable pastorate of this church was that of the Rev. William Faunce ("Elder Faunce"), 1864-1898. His grandson, Edward P. Faunce, left a fund in trust for the support of the churches served by his grandfather. The fund is to be used for "religious, educational, scientific, and historical purposes", and is administered by a Board of Trustees appointed by the Probate Court. Among other things the meeting house is the home of the Mattapoisett Historical Society museum.

Biff MacLEAN for leadership.

For years, people have rallied around William Q. "Biff" MacLean because they recognize him as a leader. That's one of the reasons Biff's been able to accomplish so much for this area.

A strong, unified Greater New Bedford delegation in the State House — that's what we need if we are to continue our progress and get our share of limited state resources.

Biff MacLean is the obvious choice for leadership.

Biff has the confidence of leaders in the legislative and executive branches of government, of people in the federal agencies, of industrialists and businessmen.

More important, Biff has the confidence of the leaders and people of Greater New Bedford. He has worked with them for years and built strong, continuing relationships for progress.

O.R.R. Parents

Yes, Virginia there IS an Old Rochester Regional Parents' Group.

Last year we produced Drug and Alcohol Programs, Peer Pressure Discussions and Communication Seminars.

This year our goals are even higher.

A recommendation has been made that a Great Books program be instituted at the High School. Also, a Career planning program has been discussed with members of the guidance department. Numerous ideas are being developed.

We find we are unable to sponsor the David Toma program at O.R.R. this year. There has been a sizeable increase in his fee. We are not at the present financially prepared to meet this increase; however, interested parents will meet with our school psychologist to discuss other possible programs on social issues.

So, you see, Virginia, there are many plans and possibilities afoot. But, to make any of them work or to institute any new ideas -- O.R.R. PARENTS NEED PARENTS.

If you are interested in any of these areas or any others please call: Joan Braden, 758-6200; Elaine Sylvia, 758-6548; Marian Singer, 748-2197; Ann Fournier, 763-5919.

Open Letter

TO MATTAPOISETT SENIOR CITIZENS

At the local Council on Aging meeting on Tuesday, October 14, a notice was circulated which extended an invitation to Senior Citizens to attend a meeting at Lincoln Park on Thursday afternoon, October 16. There would be music for dancing by Art Perry's orchestra followed by a talk by Esther Peterson, the 74-year old White House Special Assistant for Consumer Affairs.

The Council, thinking that this would be an entertaining, educational afternoon, decided that the notice should be posted at Legion Hall for the Senior Citizens' Lunch Program participants.

According to Friday's (October 17) issue of the New Bedford Standard-Times, and talks which I have had with some who went to the meeting at Lincoln Park, this was purely and simply a political rally. No mention of the real purpose of the party was made in the notice read by the COA members at its meeting.

MATTAPOISETT

In this issue of Presto Press Seniors will find our ad listing the Minibus trips for November. We have not scheduled a big bus trip for this month. Possibly we may try one early in December. We still have difficulty filling the 49 seats of a large bus and hope that we can attract Seniors who seldom have gone on a trip. This also applies to our Minibus trips. Please encourage those Seniors who seldom travel or get far away from home territory to join us. We plan these trips for all you Seniors, and wish more of you would take advantage of them. If you have suggestions for improving or changing our schedule, please pass them on to Harold Roeder by calling 758-4571.

ROCHESTER BOWLING LEAGUE-OCT. 21

Marion Golf was not able to provide support for Billy Holt's astounding 180, 466 and were only able to squeak away one point from the Bowling Stones. Capt. Larry Garcia with a 398 was as solid as a block of granite, and keyed the Stone's two point win. In a successful maneuver, Charlie Jefferson beat out Louis McKay's 368 with a nice 403. Again, Louis McKay was kept out of the weekly bowling news! Nanfelt's Minks did manage to take two points from Sturtevant & Hook despite a valiant effort by their king pin, Eddie Graham, who ended up with a "four bagger" and a 159 string. Stub Hartley did his "wild man of Borneo" routine halfway into the third string in the Herb's T.V. - Guaranteed Pest confrontation over on alleys 11 and 12, the Pests well on their way to a three point win. The stunt seemed to stabilize Herb Snell (333) and upset Eddie Strawn (167, 391) to al-

The ORR football team demolished the Stang Spartans 49-0 at the Rochester gridiron. Homecoming at ORR was ended by the awesome victory by the squad.

ed the 28 yards for the first of many TD's. Riley then connected with Paul Tinkham on a short pass to bring the score to 14-0. The second quarter was no different as Riley threw to John Posiviata deep in the end zone for yet another TD. The next touchdown came when Chris Riley was about to get taken down when he spotted Tourhino at the 35 and put the ball in the air again. Tourhino caught it and added 7 more to the score making it 28-0.

The third quarter was played even but the fourth quarter brought more points. Riley again found Posiviata in the end zone making it 35-0. Tourhino then exploded as he scored his final touchdown of the day as he dashed 63 yards down the sideline. Forty-two points did not seem enough for Jeff Rezendes as he scored the final TD of the day on a 6 yard run making the final score 49-0. The Bulldogs now have a 4-1 league record.

The OR booters have been making headlines lately as they chalked up four victories. OR first beat Tabor 7-1 at the Tabor pitch. Goals were scored by John Arsenino, Hector Gonzalez, Danny Parker, Carlos Coelho, Chris Mendes and Dave Ingraham with 2.

The squad then played New Bedford Voke. Voke lost to OR 5-1. Carlos Coelho as well as Hector Gonzalez scored 2 goals each and Dave Ingraham added 1 more.

Stang then lost 3-1. Hector Gonzalez had 2 goals and Carlos Coelho put in one more. David Ingraham had 2 assists.

In the Bulldog's latest victory Ronald McDonald, the OR goalie, added another shutout to his record as the OR squad pounced on Holy Family 9-0.

The cross country team lost 2 of their three meets recently. The team lost to a strong Bishop Connolly team 38-17. Placing for the Bulldogs were Derek Degrace, Scott Jepson, Steve Viera and Bob Hazen, finishing 5th, 6th, 8th, and 9th respectively. The team then beat Stang on a thriller 27-28. The sheds are manufactured under the watchful eye of the shop instructor, Mr. Louis Corey, and are made available to inhabitants of the three contributing communities at the actual cost of construction.

Interested regional residents must address a letter of request to the Principal, Mr. Robert C. Gardner, Marion Road, Mattapoisett.

Typically, the requests exceed the number of sheds manufactured, so a drawing is held to pick the six purchasers and the order in which they may receive the completed sheds. It is possible to examine the sheds during the course of construction or to examine completed sheds throughout the community at locations which can be made known to you by Mr. Corey at the junior high school.
